

Bird Wire

BIRD WIRE FOR COMMERCIAL BUILDINGS

BENEFITS

- Blocks Perching
- Stops Birds Congregating
- Lowers Bird Pressure
- Lowers Bird Droppings

SUMMARY

The goal of bird wire for commercial buildings is to stop birds from perching or roosting on ledges and other flat surfaces.

In these situations, AviAway installs bird wire on the surface to block birds from perching. Bird wire is lower-visibility and lower-cost than other ledge modification methods.

AVIAWAY

AviAway is a full-service bird control installation company. Call us today at 844-247-3373 to set up a free bird control consultation.
